

STORM PLAYS HAVOC WITH THE TRANSMISSION OF NEWS

Associated Press Relays Reports for Thousands of Miles and Serves Its Eastern Patrons.

New York, Nov. 14.—Communication with the west, after having been cut off for many hours by Sunday's storm, was reestablished soon after 3 o'clock this morning by the Associated Press. This was accomplished through a telephone wire between Baltimore and Chicago. Morse telegraph instruments displaced the telephone devices and a restricted service was at once begun. It developed that Washington has been in almost constant communication with the west during the night and news sent by the Associated Press from its New York office to Boston, thence by way of Portland, Me., and the Canadian tele-

graph lines to Chicago and the west was relayed back to points east of Chicago as far as Washington.

The wire service between Baltimore and Washington was still completely out of service at 5 o'clock this morning, poles and wires having been carried down in many places by the great weight of wet snow and the intense force of the furious gale.

New England telegraphic circuits and those to Philadelphia and Baltimore were the only ones in working order. The damage to the wires is the most serious which the telegraph companies have encountered for many years.

BRITISH MEMBER APPOINTED. Movements of Baltic Fleet—Another Squadron Coming.

London, Nov. 14.—A dispatch to a news agency from St. Petersburg says that Vice-Admiral Lewis Anthony Beaumont has been appointed British representative on the North sea commission to inquire into the firing on British trawlers by the Russian Baltic squadron.

"Admiral Rojestvensky's squadron," the dispatch adds, "had a good voyage from Tangier to Dekar, where it is now coaling from German colliers. The other portion of the fleet is still repairing at Suda bay, and elaborate precautions have been taken for the safety of a further section of the squadron that is about to sail from the Baltic."

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

The Effective Remedy

WASHINGTON, IOWA, April 4, 1898.

I was troubled for over a year with so scanty a flow that it was virtually suppression. A heavy cold superinduced this condition and nothing I could do seemed to help me.

The only effective remedy I ever found was Wine of Cardui. Within two weeks I felt the good effects of the medicine and after I had used 12 bottles in all I was as healthy and regular as any woman could wish to be.

My sister used it while expecting to become a mother and found that it made childbirth comparatively easy and after the child was born she found that it helped her to regain her strength.
